

## Wildlife Learning Center

### OUTREACH SCHOOL PROGRAMS CLASSROOMS & ASSEMBLIES

Our enthusiastic Biologists combine wildlife and the State of California Academic Standards for Science in a fun and informative way to bring the Life Sciences . . . to LIFE!

The information is always geared to the age of our audience. Some schools break the students into more than one group based on age or grade so we can more effectively target a particular level of understanding. Others invite all ages together while we provide the information for a broader range of understanding. Each exciting presentation is one hour in length.

**EXPLORING THE RAINFOREST ASSEMBLY:** Two-toed Sloth, Alligator, Prehensile-tailed Skink, Macaw, Madagascar Hissing Cockroach, Armadillo, Large Python, and a Rainbow Boa  
\$575 + travel. Additional hour \$300

**ANIMALS FROM AROUND THE WORLD ASSEMBLY:** Serval Wildcat, Fox, American Alligator, Sulcata Tortoise, Owl or Hawk, Red-Tegu Lizard or Bearded Dragon, North American Porcupine, and a Large Python  
\$550 + travel. Additional hour \$300

**NORTH AMERICAN WILDLIFE ASSEMBLY:** North American Porcupine, Owl, Kingsnake, Rabbit, Red-tailed Hawk, American Alligator, Gopher Snake, and a California Desert Tortoise  
\$450 + travel. Additional hour \$150

**JUNIOR-ANIMALS FROM AROUND THE WORLD ASSEMBLY:** Porcupine, Owl, Armadillo, Hedgehog, an Alligator or Lizard, a small Snake, a Bunny or Chinchilla, and one of our big Bugs  
\$425 + travel. Additional hour \$150

**REPTILES AND FRIENDS ASSEMBLY:** African Sulcata Tortoise, American Alligator, Skink, Gecko, two small Snakes, Legless Lizard, Tarantula, and a Madagascar Hissing Cockroach  
\$325 + travel. Additional hour \$150

**PLAY AND LEARN: Kindergarten and Pre-K Presentation:** (max 50 students): Serval Wildcat, small Snake, North American Porcupine, Tortoise, Hedgehog, Alligator, Bunny or Chinchilla, Lizard, Large Python, and a big Bug  
\$525 + travel. Additional hour \$300

**WILDLIFE LESSON SERIES: Classroom Lessons:** 6 animals for each lesson with a maximum of 50 students. Lessons incorporate the California State Science Standards for the Life Sciences. Information is geared to the specific grade level's science standards and taught in an interactive format. Choose from the following lessons: Classification, Adaptations, Life Cycles, Conservation, CA Natives, or Rainforest Biomes.  
\$350 + travel. Additional hour \$150
