OUTREACH SCHOOL PROGRAMS CLASSROOMS & ASSEMBLIES

Our enthusiastic Biologists combine wildlife and the State of California Academic Standards for Science in a fun and informative way to bring the Life Sciences . . . to LIFE! The information is always geared to the age of our audience. Some schools break the students into more than one group based on age or grade so we can more effectively target a particular level of understanding. Others invite all ages together while we provide the information for a broader range of understanding.

Each exciting presentation is one hour in length.

ANIMALS FROM AROUND THE WORLD ASSEMBLY: Serval Wildcat, Fox, small Lizard, Tortoise, Owl or Hawk, large Lizard, North American Porcupine, and a large Snake
\$550 + travel. Additional hour \$300

NORTH AMERICAN WILDLIFE ASSEMBLY: North American Porcupine, Owl, Kingsnake, Rabbit, Red-tailed Hawk, Armadillo, Gopher Snake, and a California Desert Tortoise
\$450 + travel. Additional hour \$150

JUNIOR-ANIMALS FROM AROUND THE WORLD ASSEMBLY: Porcupine, Owl, Armadillo, Hedgehog, a Lizard, a small Snake, a Bunny or Chinchilla, and one of our big Bugs
\$425 + travel. Additional hour \$150

REPTILES AND FRIENDS ASSEMBLY: Tortoise, three Lizards, three Snakes, Tarantula, Walking Stick, and a Madagascar Hissing Cockroach
\$325 + travel. Additional hour \$150

PLAY AND LEARN: Kindergarten and Pre-K Presentation: (max 40 students): Serval Wildcat, small Snake, North American Porcupine, Tortoise, Hedgehog, Bunny or Chinchilla, Lizard, large Snake, and a big Bug
\$525 + travel. Additional hour \$300

WILDLIFE LESSONS: Classroom Lessons: 6 animals for each lesson with a maximum of 50 students. Lessons incorporate the California State Science Standards for the Life Sciences. Information is geared to the specific grade level's science standards and taught in an interactive format. Choose from the following lessons: Classification, Adaptations, Life Cycles, Conservation, CA Natives, or Rainforests.
\$350 each lesson + travel. Additional hour \$150
